

## Ashtray (if equipped)

### CAUTION

- Your vehicle is not equipped with a front ashtray.
- Do not use ashtrays as waste receptacles or leave a lighted cigarette in an ashtray. This could cause a fire.

Fully close the ashtray after using it to help reduce residual smoke.

The ashtray is located at the back of the center console for use by rear seat passengers.

To open the ashtray, pull the upper edge of the lid.

To remove the ashtray for cleaning, open it and pull it out while pushing the inner plate down.
